

Physics 351 — Friday, March 23, 2018

- ▶ Turn in HW08.
- ▶ On your way in, pick up the HW09 handout (due next Friday) and a 3×5 card for Monday's exam. You can take a spare, in case you mess up your first draft.
- ▶ You can bring one 3×5 card to Monday's exam. Its contents must be hand-written by you, with your own hand. You will turn in your card (if you use one) with your exam.
- ▶ We'll spend today reviewing some ch 7,8,9 problems together. We can continue this afternoon, if you like. We can use A8 today for whatever subset you like of 3:30–6pm. Vote?

- ▶ FYI, 2015 and 2017 midterm exams:

http://positron.hep.upenn.edu/p351/files/midterm_2015.pdf

http://positron.hep.upenn.edu/p351/files/midterm_2017.pdf

- ▶ To start, let's do whatever subset you like of these 6 problems. You can suggest others either for now or for this afternoon.
